

Indicative fees for students commencing a course in 2018

- These fees are estimates only for students enrolling in government funded courses in 2018 on a full time basis.
- The indicative fees for a course may differ between training providers due to the units they have included in the course outline. These differences generally result from adapting courses to meet local industry needs, the actual cost of a course will also vary if different electives are chosen by the student.
- Concessions and annual course fee caps may also apply to some courses. Fee caps are only shown on the basis that all units are commenced in 2018. Fee caps apply to some tuition fees only
[View more information on: Concession](#) [View more information on: Future Skills fees](#)
- For secondary school aged persons (in 2018, students born on or after 1 July 2000 who are at least 15 years old) undertaking training that is not part of a VET in Schools program, the maximum course fee chargeable in 2018 is \$420 plus the resource fees and discretionary fees.
- Fees have been quoted on the basis of 2018 fee rates only. These are expected to change in 2019.
- Loan caps will apply to all eligible VET Student Loan (VSL) courses. The capped amount is the maximum Commonwealth loan a student will be able to apply for that particular course. If a student's course fees are higher than that amount, the student will be required to pay for the variance themselves at enrolment. Other than for specified exceptions, there will be three loan cap bands of \$5000, \$10,000, \$15,000 and \$75,000, which will apply irrespective of whether the course is being delivered face-to-face, online, or via mixed delivery modes. Students should be prepared to pay for a variance for courses that are ticked in the last column on the right of the table below. If a course is flagged as "X", then the typical course is not expected to exceed VSL capping.
[View more information on: VET Student Loans](#)
- Other charges may apply.
- In some instances a course may contain units from the next lower level. If you have already completed those units in the lower level, your fees will be less.**
- In some instances a course may contain units from the next lower level, but allow direct entry. If you have not already completed those units in the lower level, your fees will be more.**
