

Introduction to Cybersecurity Skill Set

State ID: AE142

About this course

Get ready to secure your digital footprint

Learn the skills to secure your digital footprint whether it be for a small business or your own personal devices.

This skill set will give you an introduction to the world of IT in workplaces where routine cyber security practices are required.

You will learn basic skills in network security, WHS basics and cyber security awareness.

Gain these skills:

- Implement and monitor WHS policies, procedures and programs to meet legislative requirements
- Contribute to copyright, ethics and privacy in an ICT environment
- Recognise the need for cyber security in an organisation
- Secure a networked Personal Computer

Next course dates:

This course is currently undergoing delivery planning and information will be available on our website shortly. Check back later, or use the course enquiry form below to have our Client Contact Centre contact you with further information about the next course start, delivery locations and study modes.

SKILLS READY

Boost your skills for the future

This course can help you get ready for your first job, or re-skill quickly for jobs that are available as WA's economy recovers. This course is free for 15 to 24 year olds; or those who are receiving JobSeeker, JobKeeper, Youth Allowance, AUSTUDY or ABSTUDY payments; or concession cardholders. If you're not eligible, you can pay the course fee to gain these skills and become highly employable. See the full eligibility list in the important

information tab below. [Find out more about the initiative.](#)

Overview

This course may be offered with a blended, flexible delivery model to enable social distancing measures to be undertaken during the COVID-19 pandemic. This approach may include a mix of online and classroom based delivery, as well as practical and work experience placements. Lecturers will provide any specific instructions if your training delivery style needs to change.
