

Provide Individual Support Skill Set (Fee Free)

State ID: AE156

About this course

Get ready for your caring career

Learn the skills to provide support in a home or care setting.

This skill set will give you an introduction to working in a range of community, residential and health-care settings.

These skills can be applied to specific health and care industry needs such as direct client care, community care, community services, in-home care, disability care, and all work environments where you provide support and care to individuals or groups of people.

Gain the skills to:

- Meet personal support needs
- Provide individualised support
- Follow basic food safety practices
- Assist clients with medication
- Follow safe work practices for direct client care
- Conduct manual tasks safely
- Comply with infection prevention and control policies and procedures

Requirements of the course

This course includes both online study and on-campus practical and theory classes.

Once enrolled, you will receive information about how to login to our [eCampus](#) and you will need to complete a literacy and numeracy quiz to show you can study online. Your study will involve accessing content online for 1 study module, followed by a series of online quiz assessments to test your knowledge.

For the other modules of the course, you will need to attend campus to develop your skills in our direct care facilities.

SKILLS READY

Boost your skills for the future

This course can help you get ready for your first job, or re-skill quickly for jobs that are available as WA's economy recovers. This course is free for 15 to 24 year olds; or those who are receiving JobSeeker, JobKeeper, Youth Allowance, AUSTUDY or ABSTUDY payments; or concession cardholders. If you're not eligible, you can pay the course fee to gain these skills and become highly employable. See the full eligibility list in the important

information tab below. [Find out more about the initiative.](#)

Overview

This course may be offered with a blended, flexible delivery model to enable social distancing measures to be undertaken during the COVID-19 pandemic. This approach may include a mix of online and classroom based delivery, as well as practical and work experience placements. Lecturers will provide any specific instructions if your training delivery style needs to change.
