

Work in Civil Construction Skill Set

State ID: AE160

About this course

Get ready for a civil construction career

Learn the skills to prepare for a career in civil construction and pick up your White Card along the way.

This skill set will give you an introduction to working in civil construction, teaching you the foundations of safety, concreting and rendering, trench building and how to use scaffolding and plant and equipment.

This course is ideal as a start to the civil construction industry with prospects in the building of major infrastructure such as roads and constructed waterways.

Gain these skills:

- Work safely at heights
- Apply work, health and safety requirements, policies and procedures in the construction industry
- Carry out simple concreting and rendering, and install trench support
- Work safely on roofs, erect and dismantle scaffolding and operate elevated work platforms
- Carry out levelling operations
- Operate small plant and equipment

Next course dates:

This course is 17 weeks for two days on-campus, starting on the below dates.

Thornlie: Mondays and Tuesdays from 3 August: 8am-4pm

Boost your skills for the future

This course can help you get ready for your first job, or re-skill quickly for jobs that are available as WA's economy recovers.
