

Nail Technology (Acrylic Nails) Skill Set

State ID: GAA20

About this course

This course consists of the skills and knowledge to apply, maintain and remove acrylic and gel nails, apply advanced nail art and the use of the electric drill. You will learn how to consult with clients, select suitable products and techniques, and apply nail enhancements that include overlays, refills, tips, and French.

Qualified Nail Technician trainers currently working in the nail and beauty industry, provide quality up to date skills and knowledge in nail technology.

This course requires fine hand and eye coordination skills and attention to detail.

Students are required to provide models, this will be advised by your lecturer on your first class.

Course induction material is provided on the first night. We will advise you on the purchase of a suitable nail kit at an approximate cost of \$130.00. All other course materials are supplied.

On successful completion of this course students will have achieved national recognised units of competence which are part of the SHB30315 Certificate III in Nail Technology qualification.

Free parking. Security is present on the premises for evening classes.

Students are required to be able to speak and understand English.

Follow the clinics on [facebook](#)  and [instagram](#)
