

Design Grid Connected PV System with Battery Storage Skill Set

State ID: GAB46

About this course

Overview

This course will be offered with a blended, flexible delivery model to enable social distancing measures to be undertaken during the COVID-19 pandemic. This approach may include a mix of online and classroom based delivery, as well as practical and work experience placements. Lecturers will provide specific instructions to their student groups on how training will be undertaken.

All year round, 2020

Thornlie - 18 to 25 May

When: **All year round**

How: **Part Time**

Units

Core

National ID	Unit Title
UEERE4001	Install, maintain and fault find battery storage systems for grid-connected photovoltaic systems
UEERE5001	Design battery storage systems for grid-connected photovoltaic systems
