

Basic Paving Skill Set

State ID: GAB62

About this course

Pave your way to a successful career

Looking to get a basic knowledge of paving practices and techniques? In this class you will learn how to screed, lay and cut paving, the principles and practices behind paving techniques, whilst learning to operate all the machinery, equipment and tools necessary to complete a basic paving job.

Upcoming dates:

Mondays, 20 July to 21 September, 4pm to 8pm

Overview

This course may be offered with a blended, flexible delivery model to enable social distancing measures to be undertaken during the COVID-19 pandemic. This approach may include a mix of online and classroom based delivery, as well as practical and work experience placements. Lecturers will provide any specific instructions if your training delivery style needs to change.
