- 11 and 12 May
- 8 and 9 June

Overview

This course will be offered with a blended, flexible delivery model to enable social distancing measures to be undertaken during the COVID-19 pandemic. This approach may include a mix of online and classroom based delivery, as well as practical and work experience placements. Lecturers will provide specific instructions to their student groups on how training will be undertaken.

Job opportunities

Successful completion of this course will give participants qualifications required to apply for a basic weed spraying licence from WA Department of Health.
