

Advanced Cosmetic Tattooing Techniques

State ID: S0124P

About this course

Want to build on your cosmetic tattooing skills and knowledge?

If you have previously completed the following 2 units then you are eligible to enrol into this course;

- SHBBSKS003 Design and Provide Cosmetic Tattooing
- SHBBINF001 Maintain Infection Control Standards

You will learn:

- Tattooing Corrections with Camouflage pigments
- Eyebrow - Micro Blading design
- Feather touch eyebrow design using a digital machine
- Full Lip shading technique
- Advanced Eyeliner Technique
- Colour Theory - Study of Pigments with Different Fitzpatrick Skin Types
- History of Pigments and Safety of Pigments
- Allergies associated with pigments
- Marketing

You are required to provide models for practice and assessments. This will be advised by your lecturer at the first

class. The cosmetic tattoo machine previously purchased in the GAB38 Cosmetic Tattooing Skill Set is used in this short course. All other learning material is included in your course. Free parking is available. Security is present on the premises for evening classes. You will need to be able to speak and understand English.
