

Women in Engineering 2024 Scholarship

Delivered in partnership with Chevron Australia, the Women in Engineering program provides valuable foundation skills for gaining employment in Western Australia's oil and gas and resources industry, or a pathway to higher level qualifications. Students benefit from a supportive, applied learning environment and access to female role models. There are 14 fully funded scholarships available. Application closes on 21 April 2024.

Answer the questions below and send this form along with your CV, record of your highest study and any other supporting documents to WIE@smtafe.wa.edu.au
