COURSE AIMS
• Foster an understanding of career opportunities in the oil and gas, mining or chemical processing industries
• Develop technical and practical skills
• Learn foundation engineering design principals, technology and practices
• Assist students with a pathway to employment or higher level qualifications

COURSE DETAILS
Course: MSM30116 Certificate III Process Manufacturing
*Optional: PMA20116 Certificate II in Process Plant Operations
Duration: 20 weeks full time, commencing Monday 20 July 2020 (Please note, this date may be subject to change due to the evolving COVID-19 situation.)
Location: Munster Campus, 9 Gardiner Avenue, Munster

COURSE OUTCOMES
Certificate III Process Manufacturing: Students could receive the opportunity to undertake apprenticeship and traineeship opportunities in the oil and gas and resources sector or go on to complete higher level studies. Students completing an advanced diploma are granted one year advanced standing on the pathway to a Curtin University degree.
Certificate II in Process Plant Operations: Students will also have the option to complete this qualification fully funded, in addition to Certificate III Process Manufacturing.

ENTRY REQUIREMENTS
Applicants are required to be female, Australian residents and must be competent in communication and mathematics. These skills are equivalent to completion of Year 10, but may also be achieved through previous work or informal learning experiences. The course has been designed to meet the needs of women who are returning to work, seeking a career change, recently completed high school or as an alternative pathway to university. The learning environment is structured to provide a high level of support for students returning to formal education.

WOMEN IN ENGINEERING
MSM30116 Certificate III in Process Manufacturing
Optional fully funded course: PMA20116 Certificate II in Process Plant Operations
Delivered in partnership with Chevron Australia, the Women in Engineering program provides valuable foundation skills for gaining employment in Western Australia’s oil and gas and resources industry, or a pathway to higher level qualifications. Students will benefit from a supportive, applied learning environment and access to female role models. 14 fully funded scholarships are available to women of all ages and backgrounds.
2020 SCHEDULE

APPLICATIONS OPEN
Monday 11 May 2020

APPLICATIONS CLOSE
Friday 29 May 2020

FIRST OFFERS
Week of Monday 29 June 2020

COURSE BEGINS
Monday 20 July 2020 (Subject to change due to COVID-19)

APPLICATIONS
All applications must be submitted by 5pm on Friday 29 May 2020. To apply, use the form on the website www.southmetrotafe.wa.edu.au/womeninengineering

LOCATION
South Metropolitan TAFE Munster Campus
9 Gardiner Avenue, Munster WA 6166

INTERVIEW PROCESS
Once applications close, a panel will shortlist applicants and extend invitations for interviews. The panel will consist of SM TAFE and Chevron representatives. During the interview process, applicants may be requested to demonstrate mathematics and literacy capability.

COURSE TIMETABLE
Students are required to attend Munster Campus for 20 weeks full time, commencing Monday 20 July 2020. Attendance hours for students completing Certificate III in Process Manufacturing (MSM30116) only are 8:30am to 3:30pm, Tuesday to Friday. Students also completing the additional Certificate II in Process Plant Operations (PMA20116) will attend the course 8.30am to 3.30pm, Monday to Friday. Consultations and site visits are scheduled within these times.
