At South Metropolitan TAFE our aim is to help you get to where you want to be in the future. That may be securing your dream job, going on to further study or upgrading your skills to advance your career. Whatever it is, we can provide the skills and knowledge needed to achieve these goals.

As one of Western Australia's largest training providers, we train and educate more than 39,000 students each year in about 540 different qualifications on 13 campuses. We have highly specialised facilities and dedicated lecturers to ensure your time with us sets your career on an upward trajectory.

We work closely with industry to keep up with the latest trends and technologies. Everything we teach is applicable to the workplace and we can also formally recognise the skills you already possess via recognition of prior learning.

We are committed to enhancing education and training options for individuals and employers through cutting-edge facilities and technology, lecturers with real industry expertise and learning programs designed with input from industry to ensure highly skilled, job-ready graduates.

PLEASE NOTE: The information in this course guide is correct at the time of publication, however, in some study areas new training programs are being developed and this may result in new course numbers, names and information.

Before lodging an application to study, it is strongly recommended you check the course number and location details on our website www.southmetrotafe.wa.edu.au or call us on 1800 001 001 or email info@smtafe.wa.edu.au. Courses are subject to sufficient enrolments.

1. ALL THE INFORMATION YOU NEED TO KICKSTART YOUR CAREER

HOW TO APPLY AND IMPORTANT DATES

Semester one 2019 (main intake)
Full-time study

Applications for most semester one full-time courses are processed through TAFE Admissions. Check southmetrotafe.wa.edu.au for the latest information on your course. All access, bridging and special ‘combo’ courses are ‘local application’. Applications for these courses are made direct to the campus indicated. Express your interest in ‘local application’ courses by completing the online enquiry form on the relevant course page of our website or by phoning 1800 001 001.

Applications for all other courses are made online at the TAFE Admissions website. Alternatively a PDF version of the application form can be downloaded from the TAFE Admissions website, completed and posted directly to TAFE Admissions.

TAFE Admissions

Apply online: http://tasonline.tafe.wa.edu.au
By post: Locked Bag 16, Osborne Park Delivery Centre WA 6919
Phone: 6212 9888
Fax: 6212 9880
Document submission: TAFE.admissions@dtwd.wa.gov.au
Location: 1 Prospect Place, West Perth WA 6005

Tuesday 8 January 2019

SECOND ROUND OFFERS ISSUED
Tuesday 22 January 2019

(dates not confirmed at time of printing)

Late applications
If you have missed the TAFE Admissions application dates, you can still submit a late application or expression of interest via the TAFE Admissions website. These are considered for places remaining after the TAFE Admissions process has been completed.

For more information on late applications call us on 1800 001 001 or email info@smtafe.wa.edu.au

If you are unsuccessful, don’t be disheartened, you can still discuss alternative options with our career professionals at the Jobs and Skills Centres.

Part-time study
Enrolment days are generally at the end of January for semester one.

Unique student identifier
All students undertaking nationally recognised Vocational Education and Training (VET) will need to have a Unique Student Identifier (USI). This is a number unique to each student and will be used to collect and access all their training records in the one place.

Students will be required to provide their USI when enrolling at South Metropolitan TAFE.

For further information on USIs including how to apply visit www.usi.gov.au or visit one of our on-campus customer service centres for assistance.

Course codes
• Use the course code to apply for full-time study via TAFE Admissions (e.g. Course code: AZR9).
• The national code identifies the Nationally Recognised Qualification (e.g. MSL30116).
Vocational education and training delivered to secondary schools

South Metropolitan TAFE is one of the largest providers of VET delivered to secondary students in Western Australia and works collaboratively with government and non-government secondary schools to develop a broad range of programs suitable for students in Years 10, 11 and 12.

These secondary school programs enable students to gain knowledge and skills relevant to industry and employment while studying towards their secondary graduation. On successful completion of their VET courses and secondary studies, students receive their WA Certificate of Education (WACE) as well as units of competency or an entire qualification from a nationally recognised industry training package.

South Metropolitan TAFE offers VET to secondary students in partnership with schools and through school based traineeships and school based apprenticeships. More information on VET delivered to secondary students can be obtained by phoning 1800 001 001 or visit southmetrotafe.wa.edu.au.

Parents interested in VET delivered to secondary students pathways should discuss their child’s options with their school VET coordinator.

Important dates for VET delivered to secondary students

APPLICATIONS FOR 2019 OPEN
4 June 2018

APPLICATIONS FOR 2019 CLOSE
31 August 2018
(dates not confirmed at time of printing)

International students

South Metropolitan TAFE delivers a wide range of nationally accredited qualifications to international students.

International students will need to apply to study at South Metropolitan TAFE through TAFE International Western Australia (TIWA). TIWA is the registered training organisation and international business development arm of the Western Australian Government’s Department of Training and Workforce Development.

On behalf of all State Training Providers (TAFEs), TIWA holds the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) Provider Code and recruits international students through its registered education agents located throughout the world.

Courses offered for international students differ from those available to Australian domestic students and different fees apply.

For the latest information about South Metropolitan TAFE courses offered to international students in Western Australia, or to apply online visit www.tafeinternational.wa.edu.au

DUTY OF CARE – MINORS

South Metropolitan TAFE manages its responsibilities to students under 18 years-of-age in order to comply with the School Education Act 1999 and the Higher School Leaving Age Amendments Bill 2005. What this means is that all young people must be either in school, training or employed in their 16th and 17th year.

If you choose to study at South Metropolitan TAFE it is policy that the college will record attendance in every class and the duty of care team has a responsibility to notify a parent/guardian of any absences. If this is not an option, then you will need to consider whether or not you may be eligible to apply for independent minor status.
FEES, CHARGES AND VET STUDENT LOANS

How to pay for your course

Your fees are payable at time of enrolment via EFTPOS, cheque or credit card.

You may choose to pay all fees at enrolment, or for eligible students via an instalment plan of fortnightly payments by direct debit. Your fees will generally comprise a tuition fee, a resource fee, and any additional administration fees.

The resource fee does not include the cost of certain specialised items, including any text books or uniforms.

Instalment plans are available for eligible students to spread fees over the period of your enrolment.

Payments are made by direct debit fortnightly. To set up an instalment plan make sure you bring your bank account or credit card details when you enrol.

Indicative fees for our courses are available from our website.

Many of our certificate courses have a concession tuition rate for eligible students.

VET Student Loans

VET student loans are a Commonwealth Higher Education Loan Program (HELP) to assist eligible students to pay their tuition and resource fees for higher level VET qualifications.

VET student loans will not be approved for students who do not meet eligibility requirements. VET student loans generally apply to diplomas and advanced diplomas.

Qualifications for which a VET student loan may be available (subject to meeting eligibility) are indicated by ‘VSL’ below the national ID in the course lists.

You do not have to use a loan to pay your tuition fees. You can choose to pay all your tuition fees up front, you can pay some of your tuition fees upfront and use a loan for the rest or, you can use a loan for all of your tuition fees (up to your loan limit).

A VET student loan gives rise to a HELP debt that continues to be a debt due to the Commonwealth until it is repaid.

For more information and to check the estimated course fees, please visit southmetrotafe.wa.edu.au

STUDENT SUPPORT

Disability

Student support advisers are available to provide support and reasonable adjustment to current students who have a diagnosed disability or medical condition.

Student support advisers can provide information to prospective students with disability about support available while studying.

The service offered is free, voluntary and confidential. Students need to be registered with Student Support Services if they wish to access support.

Students may self-refer or ask a lecturer to make initial contact on their behalf if they prefer.

Confidentiality is maintained, however, students are encouraged to give permission to Student Support Services staff to inform lecturers where necessary to facilitate learning. Student Support Services staff work closely with lecturing staff to provide “reasonable adjustment” in accordance with the Disability Standards for Education 2005.

Types of assistance available include Auslan interpreting services, small group support sessions, information and advice regarding use of assistive technology and equipment and alternative exam conditions (e.g. requests for additional time).

For more info email student.access@smtafe.wa.edu.au or call 1800 001 001.

Aboriginal Student Support Services

Aboriginal Student Support Services provides assistance and support to Aboriginal and Torres Strait Islander students, in conjunction with our Aboriginal training resource centres at Kadadjiny Mia, Rockingham campus and Koora-Marr, Thornlie campus.

Services provided include:
- referrals to internal and external support services
- pastoral care
- advocacy
- assistance with applications and enrolments
- study support
- assistance with Abstudy applications and Centrelink services.

Students are encouraged to seek advice and support from Aboriginal Student Support Services and appointments can be made at all campuses.

For more information or to make an appointment at any campus email as.support@smtafe.wa.edu.au or call 1800 001 001.
International students
South Metropolitan TAFE has a team of dedicated staff to assist international students from all campuses (with a valid student visa) with the following:

• health and medical cover
• referral to counselling services
• further study options
• advice on course tuition and resource fee payment
• requests for tuition fee refund
• public transportation information
• international student orientations (at the beginning of each semester)
• international student activities
• international student newsletters.

Adult Migrant English Program
The Adult Migrant English Program (AMEP) provides up to 510 hours of English language tuition to eligible migrants and humanitarian entrants to help them learn foundation English language and settlement skills to enable them to participate socially and economically in Australian society.

We offer classes at many locations in the Perth metropolitan area, including Rockingham and Mandurah. There are also home tutoring and distance learning programs.

Other services include:
• workplace orientation courses
• english to help prepare for your learner's permit test
• career and study advice
• bilingual support in some classes
• free childcare/crièches while you are in class
• special classes for people under 25
• help to gain recognition of overseas qualifications
• advice on document translation services
• referral to settlement, counselling and personal support services.

The Adult Migrant English Program is funded by the Australian Government Department of Education and Training.
INFORMATION FOR PARENTS AND SCHOOL CAREERS ADVISORS

South Metropolitan TAFE realises that helping your child decide which option to take when it comes to further education can be daunting.

Where to start

Students are more likely to choose a career which suits them if they understand their own likes and dislikes. As a parent, you can help your child develop self-awareness by discussing these simple ideas with them. Remember, skills they use at school, at work, at home, in the community and on the sporting field are all relevant:

• Ask your child what they have and have not enjoyed learning, and why.
• Support your child when they want to try new things and expand their horizons.
• Pursue new interests together to reinforce the importance of learning at all ages.
• Help your child get to know what they are good at.
• Help your child to investigate jobs that relate to their interests.

What’s next?

Most tertiary education courses will require a pass mark in English or its equivalent. Many will also require a pass in maths, South Metropolitan TAFE recommends that English and maths-based courses be completed by those students hoping to continue into further education. Encourage your child to keep their options open when selecting their subjects for further study and remind them to take their time.

Practical steps

Below are some steps you can take to help your child succeed in the changing world of education, work and training:

• Talk to school staff about their performance, strengths and abilities.
• Ensure there is a balance between study, work, rest and play.
• Provide time and space for homework.
• Set tasks around the home to encourage responsible work habits.
• Encourage participation in voluntary, casual or part-time work so skills and work practices can be learned.
• Encourage your child to keep their options open; the wider the range for consideration, the more likely they are to find one that works for them.
• Interview friends, family or neighbours in occupations of interest.
• Go to career expos and open days.
• Contact a Jobs and Skills Centre for assistance (see page 8).

For all the latest course information check out www.smtafe.wa.edu.au

APPRENTICESHIPS AND TRAINEESHIPS

South Metropolitan TAFE is the largest provider of apprenticeship training in Western Australia. We deliver apprenticeship training across a huge range of industries.

Apprenticeships and traineeships are a great way to develop your skills, learn all aspects of a trade or industry and get paid at the same time. They involve planned learning over a period agreed by you, your employer and South Metropolitan TAFE. A large number of apprenticeships and traineeships are also available to part-time workers.

South Metropolitan TAFE has a long history of working with employers across a broad range of industries, to support apprenticeships and trainees.

• Recognition of prior learning of the competencies already held.
• Competency based on-the-job training and assessment.
• Self-paced learning.
• Project or enterprise-based learning and assessment.
• Intensive support programs including off-the-job training as required.

Higher level traineeships are also available to up-skill existing workers. The programs are flexible to enable an apprentice/trainee to commence their training at any time during the year.

Nationally recognised certificates of competency are awarded on the successful completion of a South Metropolitan TAFE apprenticeship or traineeship.

We will help you move from where you are today to where you want to be in the future. We will ensure that your learning expectations are met by tailoring the content of your training programs to suit yours and the industry’s needs.

The Jobs and Skills Centres (JSC) at our Thornlie, Rockingham and Peel campuses can provide apprenticeship and traineeship assistance.

For more information visit www.jobsandskills.wa.gov.au or call your local JSC 13 64 64 to book an appointment

2. QUALIFICATIONS AND PATHWAYS

STUDY OPTIONS

Full-time study

Full-time courses require approximately 16 to 25 hours (up to 37.5) of classroom study per week (normally during the day) as well as further personal study time. Part-time studies are also available and in some teaching areas study is available through flexible delivery or online.

The information in this course guide covers full-time courses, except where indicated. There are different enrolment processes for full-time and part-time study and for enrolling in short courses. Some qualifications also accept enrolments at any time.

Part-time study

Part-time study is the perfect option for people seeking to obtain specific skills or who are unable to undertake a full-time study load due to other commitments.

Part-time courses are generally flexible, with students able to select from available units offered each semester. If you want to enrol in a part-time course, go to the campus you want to study at.

Flexible, online and external studies

South Metropolitan TAFE offers a variety of online and flexible study options. Study can be conducted completely online and off-campus, or a mixture of off and on-campus. The benefit of online study is the ability to study whenever is most convenient for you – your time, your place, your pace.

Most online and flexible qualifications can be started at any time and run either for a set period from when you start or have flexible delivery periods. Courses are offered in:

- Business
- Information Technology
- Events
- Logistics and Warehousing
- Work Safety

For more information call 1800 001 001, visit southmetrotafe.wa.edu.au or email info@smtafe.wa.edu.au

ENTRANCE REQUIREMENTS

Each qualification (other than access and bridging courses) has a set of entrance requirements, which are designed to ensure all those who gain entry to a course have the competencies or skills and abilities required to effectively participate in the program.

Entrance requirements differ based on the complexity of a qualification and are currently expressed as specified secondary school levels in English and mathematics, alternative AQF Qualifications OR a prerequisite competency-based qualification (i.e. a lower level qualification, such as requiring completion of a certificate III before applying for a certificate IV course).

Selection criteria

Each course has a limited number of places. Selection criteria are used to rank eligible applicants when there are more applicants than places available in a course.

For the majority of courses, applicants need only to provide documentary evidence that they meet the entrance requirements. However, some of the more popular (competitive) courses will require applicants to address selection criteria.

The selection criteria model gives points for:

- Secondary education or qualification pathways (max 60 points)
- Work experience/employment (max 30 points)

For the latest information on minimum entrance requirements and addressing selection criteria visit the TAFE Admissions full-time courses website www.fulltimecourses.tafe.wa.edu.au
QUALIFICATIONS AND PATHWAYS TO CONTINUE YOUR TRAINING

South Metropolitan TAFE offers a range of pathways between qualifications, increasing your options to continue your education and training.

This means we offer the ideal platform for you to get to where you want to go, whether that’s gaining employment, becoming an expert in your field or following a degree pathway to further study at university.

When you complete a vocational diploma or advanced diploma, pathways are available for you to continue your study to gain higher level knowledge and to graduate with the skills currently in demand by employers.

Our strong relationships with local universities provide students with a seamless pathway towards higher qualifications. There are many pathways from South Metropolitan TAFE courses to our university partners.

AGRICULTURE AND ANIMALS

A wildly diverse area covering specific studies in veterinary nursing and companion animal services, animal behaviour and health, the racing industry, horticulture and conservation, landscaping, laboratory operations, bushland assessment and rehabilitation, nursery plants, conservation and land management, and biological surveys.

As the environment continues to escalate as an economic priority, this study area presents a diverse and rewarding career path.

AUTOMOTIVE

Automotive qualifications cover a huge variety of areas within the industry, including vehicle body building, automotive mechanical technology, automotive electrical technology, heavy plant and outdoor power equipment.

Training is conducted in world-class facilities, with SM TAFE’s extensive corporate partnerships ensuring students work on the latest vehicle models.

BUILDING, CONSTRUCTION
AND WORK SAFETY

Building and construction is one of the biggest industries in Western Australia and employs approximately 10 per cent of the state’s workforce. Billions of dollars are invested in infrastructure and housing every year, resulting in an ever-growing industry full of exciting employment opportunities.

SM TAFE’s lecturers bring a wealth of industry experience that is passed on to students in modern facilities.

BUSINESS AND FINANCE

Business and finance encompasses a huge range of career options. From developing a business idea, to ensuring you’ve got the right people, processes and structures in place to achieve a strategy. Courses are designed to teach you the fundamentals while also giving you the necessary problem solving, managerial and organisation skills to thrive in an active marketplace.

From entry-level certificates to advanced diplomas that offer pathways to university and the skills to move into senior positions, courses are specifically tailored to address contemporary business practices.

DEFENCE, MECHANICAL
AND FABRICATION

SM TAFE works in close partnership with the defence industry to service its expansive need for trained personnel. Training is often customised to meet the needs of this industry. Pathway programs are in place to provide sustainable links between schools, TAFE, higher education and the defence sector. SM TAFE training staff consult extensively with key industry stakeholders so that a whole-of-workforce development approach is adopted to deliver the right skills at the right time.

SM TAFE’s defence industry qualifications extend to certificates I, II, III and IV, diploma and advanced diploma levels, and the delivery of specific skills sets and customised training programs.

EDUCATION AND COMMUNITY SERVICES

Having a passion for working with those in need and making positive changes to their lives means a career in education and community services could be your ideal vocation. These qualifications provide you with a range of skills to work in settings that provide direct services for clients.

From early childhood to aged care, community services to disability services, the opportunity exists to contribute to improvements in every strata of society.

ENGINEERING, OIL AND GAS AND REFRIGERATION

Engineering is the branch of science and technology concerned with the design, building, and use of engines, machines, and structures. Western Australia's engineering industry is very closely linked to the mining and construction industries, which represent some of the state's largest employers.

Campuses throughout the south metropolitan area are state-of-the-art, including the simulated oil and gas training process plant and new engineering facilities at Munster campus.

ENGLISH, LANGUAGES AND FOUNDATION STUDIES

English and foundation studies courses cater to two broad groups; those who speak English and want to boost their confidence and employability, and those who come from non-English backgrounds and want to learn to understand, speak, read and write English.

There are courses designed for those who did not gain a qualification at high school, or never had the opportunity to finish Year 12, or who feel they left school too long ago.

Our access courses will bring you up to speed with what’s expected in the workplace and will enable you to go on to further study or find employment.

INFORMATION TECHNOLOGY

Information technology training pathways build specialist computing skills in a range of IT disciplines, including: network and systems management, cyber security systems and responses, programming and mobile apps development, website design and development, games design and authoring, 3D animation and interactive digital media. Within the building sector, electrotechnology courses focus on data communications, installation, maintenance and power generation.

### Pathways

#### Electronics

**Entry**
- Certificate II (Yr 10, 11 & 12)
- Certificate II in Electronics

**Skilled**
- Certificate IV in Computer Systems
- Certificate IV in Electronics and Communications

**Supervisory**
- Diploma of Computer Systems Engineering
- Diploma of Electronics and Communications Engineering

**Job Options**
- Computer assembler and repairer
- Computer assembler and repairer
- Computer technician
- Electronic technician
- Cabling assistant
- Engineering associate, Computer systems technician, Technical officer
- Engineering associate, Technical officer

#### General IT

**Entry**
- Certificate II
- Certificate III in Information, Digital Media and Technology
- Certificate IV in Information Technology

**Skilled**
- Certificate IV in Information Technology
- IT Technician, Client support officer
- IT systems support technician, Website coordinator
- Certificate IV in Computer Systems Technology

**Supervisory**
- Diploma of Information Technology
- IT Technician, IT support, Network administrator
- IT manager, Network administrator, Systems administrator

**Job Options**
- Junior office support worker, Office assistant
- IT Technician, Client support officer
- Website coordinator

**Note:** Please consult the website for entrance requirements, as entry is available at multiple levels for most pathways www.southmetrotafe.wa.edu.au
Note: Please consult the website for entrance requirements, as entry is available at multiple levels for most pathways www.southmetrotafe.wa.edu.au

MARITIME STUDIES

South Metropolitan TAFE provides world-class training in maritime and marine studies, fishing, and marine operations and engineering. It will set you up for a career in a range of maritime-related fields, including commercial fishing, marine tourism, aquaculture, vessel navigation, and deck cadet and ship’s captain roles.

SCIENCE AND ENVIRONMENT

An environmental science qualification will prepare you for work not only locally, but internationally as well. You will build an underlying knowledge of plant and animal identification, environmental chemistry and geology. You will work with industry and community based organisations in the field of conservation, and ensure sustainable landscapes.

You will be able to focus your attention to various areas such as natural resource management, land management, minesite rehabilitation, with areas of specialisation in Indigenous land management, weed management, vertebrate pest management, parks and wildlife management, conservation earthworks, and natural area restoration.

Studying laboratory operations can lead you to work in a range of dynamic industries including biomedical, pharmaceuticals, mining, agriculture, petroleum, pathology, environmental, forensics, food, chemical or cosmetic. Whether you choose to focus on biotechnology or medical science, there is an exciting career ahead for graduates.

### ENVIRONMENTAL TESTING AND LABORATORY

#### ENTRY

- **MSL20116** Certificate II in Sampling and Measurement
  - **JOB OPTIONS**
    - Air quality sampler, Milk tank driver and sampler, Quarry aggregates sampler

#### SKILLED

- **MSL30116** Certificate III in Laboratory Skills
  - **JOB OPTIONS**
    - Dairy food laboratory assistant, Food laboratory assistant, Pathology laboratory assistant, School laboratory assistant, Technical assistant (construction materials), Water testing laboratory assistant

- **MSL40116** Certificate IV in Laboratory Techniques
  - **JOB OPTIONS**
    - Pathology laboratory technical assistant, Technical assistant (construction material testing), Technical assistant (environmental testing), Technical assistant (manufacturing testing), Technical assistant (mineral assay)

#### SUPERVISORY

- **MSL50116** Diploma of Laboratory Technology
  - **JOB OPTIONS**
    - Calibration officer, Food laboratory technical officer, Pathology laboratory technical officer

- **MSS40216** Certificate IV in Environmental Monitoring and Technology
  - **JOB OPTIONS**
    - Environmental technical officer, Water resource officer

- **MSS50216** Diploma of Environmental Monitoring and Technology
  - **JOB OPTIONS**
    - Environmental technician
