

Course List Semester 1, 2020

Indicative fees for students commencing a course in 2020

1. These fees are estimates only for students enrolling in government funded courses in 2020 on a full time basis.

2. The indicative fees for a course may differ between training providers due to the units they have included in the course outline. These differences generally result from adapting courses to meet local industry needs, the actual cost of a course will also vary if different electives are chosen by the student.

3. Concessions and annual course fee caps may also apply to some courses. Fee caps are only shown on the basis that all units are commenced in 2020. Fee caps apply to some tuition fees only

4. For secondary school aged persons (in 2020, students born on or after 1 July 2002 who are at least 15 years old) undertaking training that is not part of a VET in Schools program, the maximum course fee chargeable in 2020 is \$420 plus the resource fees and discretionary fees.

5. Lower Fees, Local Skills courses- The maximum course fee for non-concession students undertaking a Lower Fees, Local Skills course in 2020 is \$1,200 plus resource fees. For concession students and youth, the maximum course fee for undertaking a Lower Fees, Local Skills course in 2020 is \$400 plus resource fees. These maximums apply per course in 2020. Costs listed below are the already reduced fees and no further reduction is applied.

6. \$20.00 College Discretionary fee is charged once per year for each student. *This fee is non refundable.*

7. Fees have been quoted on the basis of 2020 fee rates only. These are expected to change in 2021.

8. Loan caps will apply to all eligible VET Student Loan (VSL) courses. The capped amount is the maximum Commonwealth loan a student will be able to apply for that particular course. If a student's course fees are higher than that amount, the student will be required to pay for the variance themselves at enrolment. Other than for specified exceptions, in 2020 there will be three loan cap bands of \$5264, \$10528 and \$15793. (\$78967 exception for 2 courses) irrespective of whether the course is being delivered face-to-face, online, or via mixed delivery modes. Students should be prepared to pay for a variance for courses that are ticked in "Exceed Capping" column on the table below. If a course is not ticked, then the typical course is not expected to exceed VSL capping.
